Intertek is a global company with more than 130 years of experience in quality assurance, offering inspection, testing, certification, and auditing services to ensure compliance with international standards in products, processes, and systems.

Our goal is to bring quality, safety, and sustainability to everyday life.

Mexico's Industry Services

SERVICES

We offer a fully integrated portfolio of Assurance, Testing, Inspection, and Certification (ATIC) services that provide complete peace of mind across all products, services, and operating systems within the Oil & Gas, Mining, Infrastructure, and Energy sectors, including Renewable Energies.

Technical Inspection Services (TIS)

A set of activities designed to ensure regulatory compliance in matters of quality, safety, and integrity, focused on industrial equipment, assets, and components during their manufacturing.

Asset Integrity Management (AIM)

Solutions that combine inspection techniques with materials knowledge and engineering expertise to maximize value, extend service life, and enhance the profitability of your company's assets. The main services we offer include audits, data management, corrosion management strategies, Risk-Based Inspection (RBI), and Non-Destructive Testing (NDT).

Technical Resource Solutions (TRS)

Comprehensive recruitment solutions for specialized technical personnel across all engineering disciplines, including talent relocation and retention, for the execution of your projects at both global and local levels.

Others - New Technologies

Specialized inspection services that incorporate new technologies focused on 3D surveying through the use of state-of-the-art scanners and drones, tailored to the specific needs of your projects.

EXPERIENCE

We have consolidated global experience as strategic partners, developing high-impact projects that ensure efficiency, technical safety, and operational quality. Throughout our trajectory, we have participated in landmark projects across key sectors, adding value through precise diagnostics, innovative methodologies, and a strong commitment to continuous improvement.

TIS - Relevant Projects

ICA Fluor Daniel, S de RL de CV / Proyecto	Inspection Service at Equipment Manufacturer Workshops (Package 3 Pentane, Butane, Alky y T.E. Plants at Dos Bocas Refinery. Oil & Gas Sector.
ICA Fluor Daniel, S de RL de CV	Inspection Service at Equipment Manufacturer Workshops (Package 1 Coking Plant at Dos Bocas Refinery) Oil & Gas Sector.
ICA Fluor Daniel, S de RL de CV	Inspection Service at Equipment Manufacturer Workshops (Package 1 Combined Cycle Plant at Dos Bocas Refinery) Oil & Gas Sector.
ICA Fluor Daniel, S de RL de CV	Inspection Service at Equipment Manufacturer Workshops (Package 4b, Dos Bocas Refinery) Oil & Gas Sector.
Tubos de Acero de México, SA	Monitoring and Inspection service for repair of bend accessories at Tenaris Tamsa for the customer ENI AMOCA. Oil & Gas Sector.
Avanzia Instalaciones, SA de CV	International inspection service for new orders (swtp-ped hok 19 0068 y pwt-ped hok 19 0070) Oil & Gas Sector.
Tubacero, S de RL de CV	Pipe certification service, in accordance with PEMEX specifications Oil & Gas Sector.
Consorcio Minero Benito Juárez Peña Colorada, SA de CV	Quality inspection and technical specification compliance service. Mining Sector.
Energías Renovables Venta III SA de CV	Factory inspection services (Third Party), for goods purchased for the Cuyoaco Photovoltaic Park Project. Energy Sector.

Tubos de Acero de México, SA	Document review, inspection, monitoring, and witnessing services for full-scale and small-scale testings, and prototype threading Oil & Gas Sector.
Cerrey, SA de CV	Inspection, Expediting, Project Management, Coordination, and Consulting for Cerrey construction projects. Energy Sector.
Hokchi Energy, SA de CV	Inspection of wellheads, MLSS, production trees, casing, tubing, and accessories. Oil & Gas Sectors.
Iberdrola Ingeniero y Construcción México SA de CV	Supply inspection PE PIER B-IV. Energy Sector.
ArcelorMittal México, SA de CV	QA/QC inspection services Hot Strip Rolling Mill (HSM) y Hot Skin Pass Mill (HSPM) projects. Sector Minería.
Saimexicana SA de CV	Inspection during the manufacture of API 5L pipe and complementary equipment for the construction of the Topolobampo - El Encino Oil & Gas Sector.
TECHINT SA de CV	Inspection and supervision service for project materials and equipment for Techint Mexico. Oil & Gas Sector.
IENOVA (SEMPRA)	Inspection during manufacturing, coating, dispatch, and arrival at storage units of API 5L pipes for the construction of the Sásabe-Guaymas and Guaymas-El Oro gas pipelines. Oil & Gas Sector.
Enel Green Power México, S de RL de CV	On-site supervision during the construction of Enel Green Power's wind and photovoltaic plants in Mexico. Energy Sector - Renewable Energies.
Tubos de Acero de México, SA	a) Visual inspection, MTC review and issuance of Release Note. b) Thermal monitoring, laboratory and hydraulic tests, MTC signature and Release Note. c) Monitoring according to QCP, pre-dispatch control, MTC review and Release Note. d) Same as C, with stricter inspection and initial or special testing. Oil & Gas Sector.

Bonatti, Spa	Provision of expediting and quality inspection services for major gas pipeline projects, including Tuxpan–Tula, Tula–Villa de Reyes, and South Texas–Tuxpan, covering key stations such as Cañada Rica, DMS Tula, La Lira, Salamanca, Montegrande, Tamiahua, and Higueros. Oil & Gas Sector.
Tubos de Acero de México, SA	The activities include visual inspections of finished products, review and signing of documentation (MTC, Packing List, Release Note), monitoring of tests (thermal, hydraulic, and laboratory), pre-dispatch control, and follow-up of operations in accordance with the QCP. Depending on the scope, it may also include initial production testing and special tests for Oil & Gas sector projects. Oil & Gas Sector.
Tenaris Bay City	Inspection and verification of tests and Manufacturing Observation Elements for Material Testing & Structural, in accordance with the Vendor's Purchase Order. Oil & Gas Sector.
